**Please note: Codified Ordinance, Section 951.03 (b) states the following:**

(b) Rates for collection and disposal for residential units shall entitle the householder to the equivalent of one pick-up per week of ordinary and reasonable accumulation of solid waste with a combined limit of **seven bags and three containers**, the specifics of which are found in subsection (e) below. Any unusual accumulation of solid waste occasioned by tree or hedge removal or other extensive trimming, remodeling, demolition, construction or other activity is not included in the regular rates for collection and disposal services. However, any abnormal amounts of material may be removed by the Sanitation Department for an additional charge as established prior to collection by the Superintendent or his or her authorized agent.
